

My Favorite Memories

I remember my first day at Sunrise eight years ago. I was very shy and I didn't talk for awhile. My first friend was Ariel; she showed me around the class and became my first friend at Sunrise. After I started talking, I made many more friends like Caya, Olivia H, Lily, Julia F, and many more. I especially loved learning about the dinosaurs; I used to know all their names.

I would like to thank Victoria for teaching me so much, especially how to read and write. She was so kindhearted and loved to see her students succeed.

Soon I had to move out of the comforts of Victoria's class and become exposed to more students. I had many new teachers, Judy, Julie, Mel, Amber, and Adria. I remember writing reports and reading them to my class. I was a lot braver about reading in front of people then I am now because I'm probably blushing now. I loved doing art with Judy and Gardening with Julie. I also enjoyed doing Language skills. Once Judy taught me how to draw a cat, my dad still has it hanging in his office.

Lower Elementary seemed to go by so fast. Soon I was in Upper Elementary. I adored setting up for the Halloween party in my 4th and 5th years and then making the maze this year. I also enjoyed Valentines, St. Patrick's, and Cinco de Mayo. But the day of Senior Project was the best. I would like to thank Kathy for teaching me math and geometry, I really enjoyed Hands On Equations; I'd also like to thank Vicki for teaching me so much in history and language, I also really enjoyed the grammar zone activity.

My life at Sunrise has been such an amazing journey. I have learned a lot about the school, and myself. Bonnie and Janice put so much effort into making this great school so I would like to thank them as well for accepting me into this amazing place. I always looked forward to another year at Sunrise, but next year I won't be coming back to this heartwarming place, but I will always hold it in my heart.
